SUMMER 2019 PRODUCT INFORMATION

(For sales delivered June 1 - August 31, 2019)

FOR NUTRITIONAL INFORMATION OR COLOR PHOTOS OF OUR PRODUCTS GO TO OUR WEBSITE @ www.pieshoppe.com.

IF YOU STILL HAVE QUESTIONS, PLEASE GIVE US A CALL.

ABOUT OUR PIES ...

- ❖ Our pies are 9 inches in diameter and come individually packaged in their own corrugated box. They can be divided into 6 – 8 slices!
- ❖ Our pies are made with the finest ingredients and baked right before they are delivered to you. Our pies DO NOT arrive unbaked or frozen. *It is important that your organization deliver the products the same day they arrive from us.*
- ❖ Cream pies should be refrigerated. Freezing these pies can affect their appearance and make their crusts soft. Cream pies should last 4-5 days if refrigerated.
- ❖ Our fruit pies have a shelf life without refrigeration. Refrigerating our fruit pies will make them about 5 days. Fruit pies can be frozen. We recommend placing the pie in a freezer bag and putting it back in its original box for best freezing results. Fruit pies may be frozen approximately 1 to 2 months. Pies frozen longer than 2 months aren't harmful – they just aren't at their peak flavor and texture.
- ❖ To thaw a fruit pie, immediately place it in a 350°F oven for 25-30 minutes then serve.

ABOUT OUR PUMPKIN ROLLS ...

- ❖ Each pumpkin roll is about 6 ½ inches long, providing about 8 to 10 servings and comes individually packaged in its own corrugated box.
- ❖ Our pumpkin rolls have a cream cheese filling and must be refrigerated. They should last 4-5 days.
- ❖ Our pumpkin rolls can be frozen. For best results, keep them in saran and place them back in their original box. They may be frozen for approximately 1 to 2 months. Pumpkin rolls frozen longer than 2 months aren't harmful – they just aren't at their peak flavor and texture.

ABOUT OUR CINNAMON ROLLS ...

- ❖ **CINNAMON ROLLS MUST BE DISTRIBUTED THE SAME DAY THEY ARE DELIVERED TO YOUR ORGANIZATION.**
- ❖ Our cinnamon rolls come packaged in corrugated boxes of a half dozen.
- ❖ Store the cinnamon rolls in a ziplock bag for freshness. They taste best when reheated in foil in a 350°F conventional oven for 10 to 12 minutes. Microwaving a single cinnamon roll for 15 seconds also works.
- ❖ Our cinnamon rolls with cream cheese icing should be refrigerated.
- ❖ Our cinnamon rolls can be frozen. For best results, place them in a freezer bag, then back in their original box. They may be frozen for approximately 1 to 2 months. Cinnamon rolls frozen longer than 2 months aren't harmful – they just aren't at their peak flavor and texture. Wrapping the cinnamon rolls individually for freezing, then removing them as needed and reheating them makes for a delicious breakfast snack!
- ❖ Cinnamon rolls are **not** available October 28, 2018 through December 2018 and April 1-20, 2019. Our high volume of pies during those holiday months does not permit us the oven space we need to have cinnamon rolls available as well.

ABOUT OUR SNAILS ...

- ❖ Snails are made from strips of pie dough, rolled with cinnamon and sugar. They look a little bit like a snail and taste great dunked in coffee. They come in bags of 1 dozen snails. They can be frozen.

ABOUT OUR PIE VARIETY PACK ...

- ❖ Our pie variety pack consists of 4 small four inch pies. There are four different flavors: apple, cherry, blackberry and razzleberry.
- ❖ These pies have a shelf life without refrigeration. Refrigerating them will make them last about 5 days. They can be frozen.
